

# The Wonderful World of Scratchboard

## Supply List

#11 Xacto knife, extra blades, a 6H pencil, 5x7 Ampersand Scratchboard these items can be purchased at Michaels, Hobby Lobby, Art and Frames Sarasota or any quality Art Supply Store

Students will bring in two 5x7 black and white reference photo of a subject that they would like to work on, it is important for the copy to be on copy paper not a heavy card stock or photo paper, this is so that the image can be transferred

*\* **NOTE:** Staples and Office Depot will most likely refuse to make the copies for you especially if the subjects are of a celebrity, from a book or magazine. I would recommend to find a print shop such as CR Graphics in Port Charlotte, Hartmanns Printing and Short Stop Printing in Englewood.*

**all other material needed for the students first project will be supplied by the instructor**
